Bring a favorite stuffed animal to a special evening storytime—then leave them behind for a library sleepover!
- 9/3 at 4:00pm Maker Lab - Marble Run Madness
Ages 6+ Can you build the ultimate marble run?

Library Littles

A cozy storytime just for our littlest library friends! Babies and toddlers ages 0–2 and their caregivers are invited for stories, songs, rhymes, movement, and plenty of wiggles. Stay afterward for Stay & Play, where grown-ups can connect while little ones explore, play, and make some of their first friends. Siblings are always welcome!

Preschool Storytime

Stories, songs, movement, and fun for ages 3–5! We'll build early literacy skills through books, music, rhymes, and playful activities. Stay afterward for Stay & Play, with time for kids to explore and grown-ups to connect. Younger siblings are always welcome!

Builders & Makers

Build it, create it, and see where your imagination takes you! Kids ages 5+ can drop in for an hour of LEGO, building challenges, and open-ended creative construction. Come with an idea or invent something completely new each week.

Reading with Casper

Practice your reading skills with a patient, four-legged listener! Kids ages 6+ can sign up for a special one-on-one reading time with Casper. **REGISTRATION REQUIRED**

Reading with Icarus

Reading is a little more fun with a furry friend by your side! Kids ages 6+ can register for a one-on-one reading session with Icarus. **REGISTRATION REQUIRED**

Pokémon Club

Calling all Pokémon Trainers! Meet other fans, talk Pokémon, trade cards, play, and enjoy Pokémon-inspired activities. Bring your own cards if you have them, or just bring your love of Pokémon!

Good to Know

The Children's and Teen Areas are welcoming spaces anytime! Stop by to play, color, do the scavenger hunt, hang out with friends, and, of course, find a great book.

Please register for programs when requested, and cancel if your plans change so another child can attend. Frequent no-shows may result in temporary registration restrictions.

Books & Beasts

Where books and magical creatures meet! Kids ages 7-10 are invited to a book club filled with fantastic beasts, mysterious creatures, animals, monsters, and plenty of imagination. Each month we'll explore a new story together with activities, games, or crafts inspired by what we read. **REGISTRATION REQUIRED**

D&D Campaign

Adventure awaits! Tweens and teens ages 12–17 are invited to join an ongoing Dungeons & Dragons campaign filled with storytelling, problem-solving, teamwork, and plenty of unexpected twists. No previous D&D experience is necessary. **REGISTRATION REQUIRED**

Craft Studio: Tweens & Teens

An open-ended creative space just for tweens and teens! Each month we'll try a new project, trend, or art technique. Come make something cool, experiment with materials, and put your own spin on the project.

Evening Family Storytime

Pajamas encouraged! Wind down at the library with stories, songs, and a little evening fun for the whole family. Each month will feature a different theme or special activity.

Maker Lab

Take your building skills to the next level! Maker Lab features a new hands-on STEAM challenge each month using engineering, experimenting, designing, and plenty of creative problem-solving.

Homeschool Hangout

Homeschool families are invited to meet, connect, and spend the morning at the library! Each month will offer time to socialize along with activities, games, projects, or opportunities to explore library resources. All homeschool families are welcome.

COMING SOON
